NO. 1 SONG

In eleven short weeks. **Keith Urban** has landed his latest single "John Cougar, John Deere, John 3:16" at the top of the *MusicRow* CountryBreakout Chart. It is the lead single from his eighth studio album, which is rumored to be released this year.

The track was co-produced by **Dann Huff** and Urban, and

written by hitmakers **Shane McAnally, Ross Copperman**, and **Josh Osborne**. <u>In less than 2 years</u>, McAnally and Osborne have scored 8 No. 1 songs and Copperman has added 3.

Robert K. Oermann praised the song in his July 2 "<u>DisClaimer</u>" article, saying it was, "Cleverly written, with loads of pop-culture references and copious name dropping. Bonus points for sounding completely different and distinct from his many prior singles. This deserves to be a major, major smash."

Urban also debuted a short 7-minute documentary on the journey of creating the song. Watch the clip here.

Urban is not only on the road <u>playing concerts</u> across the U.S., he is also a part of the panel for the final season of *American Idol*. Urban and co-panel members **Jennifer Lopez** and **Harry Connick Ir.** have been visiting audition cities this summer.
